

SUMMARY OF INTERVIEW

Attendees, Date and Type of Interview

The interview was conducted on July 1, 2010 and attended by Examiner Matthews, Andrew Douglas (Reg. No. 51,212) and Lavanya G. Rau (Reg. No. 65,504).

Exhibits and/or Demonstrations

None

Identification of Claims Discussed

All the pending independent claims.

Identification of Prior Art Discussed

U.S. Patent No. 4,888,012 to Horn; and

U.S. Patent No. 6,117,171 to Skottun

Proposed Amendments

Possible amendments to the independent claims to differentiate the claims over Horn were discussed with Examiner Matthews, for example, amending the independent claims to recite that the optic is biased to an un-accommodated state.

Principal Arguments and Other Matters

During the interview, the Examiner identified the Skottun reference. Applicant's representatives called to the Examiner's attention the various features that distinguished the claims over Skottun and discussed amendments that would distinguish the claims over Skottun, for example, amending the independent claims to recite that the outer body is configured to engage the capsular bag.

Results of Interview

Applicant's representatives agreed to submit an Amendment presenting claim amendments and arguments.
